

# HOT SUMMER'S NIGHT

ADAM

Fast cars, neon lights  
You're dressed to kill  
Strong drinks, music's right  
Girls wearin' clothes skin-tight  
Just another hot, hot summer's night  
Just another hot, hot summer's night

On the prowl, on the make  
You play that game again  
Place the bet, raise the stakes  
You gotta find some girl to take  
Just another hot, hot summer's night  
Just another hot, hot summer's night

Smoky room, crowded bar  
You ask her name  
She wants to know who you are  
You stop to think how you made it this far

Cause one night stands, they never lead to nothing more  
Like the endless search for the Grail  
And we all need to get away from it all  
So we try, yes, we try

You think she's the one  
Ain't nobody else  
You think you're right  
You wanna make sure it's not  
Just another hot, hot summer's night  
Just another hot, hot summer's night
