

# LIKE NO OTHER

ADAM

Last Sunday morning, as church bells rang for all to hear  
You were an angel in white  
Your enchanting spirit summoned me like heaven's call  
You tried your best to seduce me  
Your venom had poisoned my brain, clouding my sight  
I'd never been bitten before like this bite

Like no other you raced into my life, full speed  
Like no other you ran through the light, speed demon  
Then you stole my heart  
Like a thief in the dark  
Like no other

This Wednesday evening you called me to convey your love  
But love fades so fast when in haste  
Now your confessions color truth like old cartoons  
I shared your heart with another  
Your arrows had caused me such pains that ran up my spine  
I'd never felt so powerless as this time

Like no other you raced through my life, full speed  
Like no other you haunted my nights, you demon  
And you stole my heart  
Like a thief in the dark

You're like no other girl, but you're all the same  
One huge conspiracy, this wicked game  
You're just like other girls, don't care at all  
No, you don't give a damn  
You like to see me crawl  
You love to see me fall...I'm falling

Like no other you raced through my life, full speed  
Like no other you ran through the lights, you demon  
Now you've got my heart  
You're a thief in the dark  
You're like no other
