

A WEEK IS TOO LONG

ADAM

As we gazed at the stars all night together
I lived a lifetime in your deep Bermuda eyes
You meant to tempt me with the scent of your perfume
You'll get your way when this rose starts to bloom

We spent the whole night just talking 'bout the weather
A classic first date with breathless good-byes
We said we'd see each other Saturday evening
But you said I hate to be leaving, 'cause

A week is too long
To have to wait
To kiss your passionate lips
Infatuation so strong
You're on my mind
Six nights to sleep through
Can't wait to see you again
These nights seem so long
And my desire's so strong
'Cause a week is too long

Though we spent just that single night together
I feel I've known you for all of my life
Cause when I'm with you the world could stop turning
My eyes are blinded by the sight of you flirting

And now I sit here at three in the morning
I'd like to sleep but I can't stand this anymore
Pick up the phone though I know it's so late
I said I'm sorry to wake you, but

chorus

Oh, I need somebody to love me tonight
It could be you if you like, but...
